A hundred bushels of potatoes dug and picked up in one day is the record claimed for Fred DeLong of Gloucester. He performed this stunt Saturday on the farm of William Severance, by whom he is employed.

A barn filled with hay on the J. H. Smith estate at St. Albans point was destroyed by fire Tuesday. The fire is supposed to have been started by some careless hunter or tramp in lighting a pipe. The loss is about \$1,000.

The typhoid fever epidemic in Rutland has practically subsided, only an occasional case now being reported to health officer C. F. Ball. Although the city water is practically free from contamination, there are some samples which show colon bacilli.

Mrs. G. A. Metcalf of Brattleboro has taken out a hunter's license. She was one of two women who took out licenses from the town clerk's office last year, and she is the only woman to whom the office has issued such a license this season. Four non-resident licenses have been taken out, the first to be granted in the state, according to state and game commissioner, J. W. Titcomb.

Bennington Center has a case of infantile paralysis, the victim being Harmon, the four-year-old son of Paul Saunders. He was first affected Tuesday, September 20, when his whole body was paralyzed and he was unable even to move his tongue. The following Saturday he began to improve a little and he is now able to walk, sit up and take a little nourishment. It is thought he will recover.

Miss Jane E. Kenyon observed the 93rd anniversary of her birth, September 20, at her home in Bennington. Seven years ago, while about the house, she fell and fractured her knee, since which time she has been unable to walk, but she is in a place of comfort and a remarkable degree of enjoyment, reading the papers and takes great interest in the events of the day. She looks no older than many persons of 70 years.

Dr. Homer C. Brigham, who has had charge of the clubhouse at Lake Mansfield during the past season, with his wife, has gone to Grand Rapids, Mich., and will not return until November 12 for Algiers, where they will pass the winter. Dr. Brigham says that during the season just closed 759 pounds of trout were taken from Lake Mansfield. The largest, weighing two pounds, was caught by Mrs. J. K. Smith of Waterbury Center. About 30,000 fingerlings will be put into the lake October 1.

Burlington is to enter a protest against the car service there and see if there is any reason why the franchise of the Burlington Traction Company should not be revoked unless it can improve the service. Citizens of that city have been seriously inconvenienced many times through the summer on account of trouble with the plant in one way or another. Mayor Burke proposes to call a special meeting of the board of aldermen soon to take up the matter.

Lake View-in-the-Pines hotel at Lake St. Catherine is in the hands of a receiver, as the business was not a paying proposition during the summer. The failure of the hotel is attributed to lack of business, as few automobile parties passed that way, the hotel not being in a place to attract the attention of such parties. It was built nine years ago and was then conducted on a paying basis. Mayor H. O. Carpenter of Rutland is the receiver, and he gives the amount of liabilities as \$33,000, while the assets consist of the hotel and its fixtures.

Dr. E. R. Lynch shot an albino red squirrel in Brattleboro. It was of usual size and normal in every way except the color of the hair, which was snowy white, and the eyes, which were yellowish-pink instead of brown. William C. Horton shot an albino chipmunk there two years ago and it was regarded as decidedly rare by naturalists. The capture of this second albino squirrel raises the question as to whether there is not some climatic or local condition in that section which induces albinism. The albino deer which have been seen and the one which was killed last year, might lead some weight to such a theory. Dr. Lynch will have the squirrel mounted for his private collection of animals.

George H. Bronson of Shaftsbury was severely injured Monday, while driving from North Bennington to his home. It is thought that he was assaulted by robbers, though the case is very mysterious. Mr. Bronson had been selling onions and had about \$100 with him. He was passing through a secluded portion of the country, where the road was bordered with bushes, when the assault was made. He is slightly deaf and the first thing that he remembers was when he regained consciousness and found himself lying in the road with a severe cut on the back of his head. His first thought was of robbery, but the money was found intact in his pocket. Examination showed that the injury came from a blow with a club. Mr. Bronson is also suffering considerable pain in one side, where he fell from the wagon or where the vehicle passed over his body. An investigation has been made in the vicinity where Mr. Bronson received his injuries, but no clue was found.

State auditor Graham, in his report, just issued, urges a revision of the present justice and municipal court system and closes his statements with the following table, showing the business of the county courts for the years 1907, 1908 and 1909. This table covers the business of these courts for six consecutive years, and fairly shows the business of our county courts for three years. Number of civil cases tried by jury including disagreements, 55; disagreements, 34; verdicts for defendant, 61; criminal cases tried by jury, 216; divorce cases heard, 1,044; court cases heard, 451; amount paid grand jury, \$12,710.00; petit jury, \$150,201.45; reporters, \$28,974.44; gross amount of all verdicts, \$27,972.91; number of verdicts less than \$100, 92; over \$100 and less than \$300, 75; over \$300 and less than \$1,000, 42; \$1,000 and more, 52. It must be borne in mind that this table does not show the business of the courts, disposed of on motions and without trial, nor the time spent in disposing of chancery matters.

About the State

It is for ladies, too.

They can stop their hair falling out with Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Herpicide. Herpicide kills the dandruff germ that eats the hair off of the root. After the germ is destroyed the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Herpicide is an indispensable toilet requisite. Contains no oil or grease. It will not stain or dye. Sold by leading druggists. Herpicide in stamps for sample to The Herpicide Co., Toronto, Ont.

One Dollar Bottles Guaranteed.

E. A. Brown, Special Agent.

CRIMINAL STATISTICS FOR 25 YEARS.

The Windsor Journal took the trouble last week to compile a few statistics regarding the number of criminals that have taken place at the state prison during the past 25 years, being as follows, from 1885 to 1909 inclusive:—

1885, 25; 1886, 35; 1887, 30; 1888, 28; 1889, 25; 1890, 30; 1891, 40; 1892, 47; 1893, 37; 1894, 38; 1895, 30; 1896, 60; 1897, 47; 1898, 57; 1899, 58; 1900, 61; 1901, 51; 1902, 60; 1903, 56; 1904, 83; 1905, 70; 1906, 62; 1907, 65; 1908, 77; 1909, 73.

From 1885 up to now, the number of criminals appear to have been on a continual increase. The most criminal profile year appears to have been in 1905, when 80 persons crossed the portals. The reason for such a large number of criminals in 1905 is probably explained from the fact that a great depression in the United States was universally distributed during that year, and in 1894, when there were 78 criminals and in 1890, when 62 registered. After 1897, when 70 were committed, a let-up appears to have taken place in the number of criminals admitted, for in 1898, the year of the Spanish-American war, only 47 were admitted. From 1890 until now, the number fluctuates from medium to highwater mark.

100 VISITORS PRESENT

At Vermont Branch, Woman's Board of Mission, at St. Albans.

St. Albans, Sept. 28.—About 100 out of town people are here to attend the annual meeting of the Vermont branch, Woman's Board of Missions, which opened yesterday afternoon in the First Congregational church. A delegates' meeting was held yesterday afternoon, at which an address was given by Miss Etta Hardin of Turkey on the Edinburgh conference. Last evening, Rev. Roger M. Houghton of Brattleboro spoke on the subject, "Women and Missions." This morning a second address was given by Miss Nardin and this afternoon, Miss A. M. Kyle of Boston and Miss H. L. Osburn of China spoke. The meeting will close this evening with an illustrated lecture by Rev. F. B. Bunker of Medford, Mass., on his trip around Africa.

CHAMPION COPPER

This great property belongs to its stockholders. There has been expended on it over \$500,000. So far it has been all outgo, and no income. But it's sure to come into its own. Hard work must, always be done, but it will produce results. One good wheelbarrow full of copper ore is worth \$250.00 or more—the present market price of all kinds of copper ore. Be a miner or a farmer. Produce something. We would make it a very desirable lot for anyone to go from \$5.00 to \$10.00, and it will. It's now \$5.00 per share.

Richard J. Burton & Co.
35 Congress St., Boston.
